

Dear members,

Over the past year we have sadly lost a number of friends and members of the Club.

Some of our members have understandably expressed to the Committee a desire to commemorate those friends and members.

Given the number of those we have lost and likelihood of losing members in the future, it is not considered possible to create an event in memory of any one particular member.

The Committee has therefore decided to create a new annual competition. The Bootle Members Memorial Cup will be a stableford singles event played in August and will be considered a major.

There will be a modest entry fee in the region of £2-3 but the Committee will guarantee a minimum amount of £250 that the winner may donate to a charity of his choice.

Our purpose is to create an occasion that allows us to remember those deceased members, in doing so, provide a donation to a worthy charity organisation.

Final details will follow nearer the event.

Yours,

The Committee
